Experienced in Laravel, Codeigniter, Javascript, jQuery, AJAX, PHP, MySQL, have completed more than 50 web based application for my clients. Also experienced in Wordpress and Squarespace CMS, can build scalable web based application, very sincere about my project deadline and always like to work with team. Like to learn new things related to technology and always open to help co-worker when they screwed up in anything.

PROFESSIONAL EXPERIENCE

ICT Euro Limited   **Banani, Dhaka**
Senior Web Application Developer   *September 2015 – Present*

I am responsible for develop for web based application like social platform for artwork, shipping business management, clinic management, mobile app using phone gap, fix bug and add new features in existing projects

Few Remarkable Projects

Artdata(www.artdata.ch)
Social platform for Artworks. We are developing this project for those users who are fascinated about artworks (artist & collectionist). Using this platform, they can check detail about artwork, can give rating & comments. Also can buy artworks for his personal collection. Before buying, they can communicate with seller using a private chat system. Moreover, they can follow any artwork or licensee for future update.

Foppiani Shipping(www.foppianishipping.jp)
We have developed a CMS for their shipping business, web based application for making their daily works easier & smoother. I have used Codeigniter, MySQL, jQuery & AJAX for developing it.

AppMonster
Another web based application for different business in Italy. We have developed it using Laravel.

Artdata App
We are developing an App using PhoneGap for Artdata. We have used jQuery & AJAX for it.

Unitech Products (BD) Limited   **Dhanmondi, Dhaka**
